Design Challenge - Bootstrap Jigsaw

DHS Highlights Mini-Web Magazine

| Rubric for Project Criteria  |   |  |  |  |   |
|--|---|--|--|--|---|
| 5  | 4   | 3  | 2  | 1  | 0   |
| This score indicates an excellent level of mastery. Outstanding. Reveals a design sense that is innovative, thoughtful, and engaging. It may include complex levels of communication and expression. | This score indicates a high level of quality. Above average. Overall mastery is demonstrated with minor issues regarding technical/ aesthetic approaches. | This score indicates a basic level of mastery. Average. Many criteria are met, some are not. Improvements can be made in design, approach, effort, or technique. This level reveals a common solution to the design problem. | This score indicates a need for further mastery of skills. Below basic level. A few areas may have met project criteria while many areas do not. Major improvements are needed in design, effort, approach or technique. | This score indicates an inadequate level of mastery. Criteria for grading were not evident in the final product. | This score indicates that either the work is incomplete, not adequately mastered or not handed in for evaluation. |
