# Introduction to Bootstrap

"Grids"

Warm Up: What are grids and why do we need them?

Think time…

```
1 ▾ <div class="container text-center">
2 ▾   <div class="row">
3 ▾     <div class="col">
4         Column
5       </div>
6
7 ▾     <div class="col">
8         Column
9       </div>
10
11 ▾    <div class="col">
12        Column
13      </div>
14
15    </div>
16  </div>
```

Talk time…

```
1 ▼ <div class="container text-center">
2 ▼   <div class="row">
3 ▼     <div class="col">
4         Column
5       </div>
6
7 ▼     <div class="col">
8         Column
9       </div>
10
11 ▼     <div class="col">
12        Column
13      </div>
14
15    </div>
16  </div>
```

How to use Bootstrap to add
➢ "grids"

- Go to https://getbootstrap.com/ > Docs > Use the links on the left

- Click on **Layout** > **Grid**

Activity:

⭐ **"grid" - label your columns**

🪐 **"grid" - try adding more rows**

🚀 **"grid"- try these out**
> ➢ **add an image to a column**
> ➢ **add background color to each**

Stretch: include all three activities, personalize it!

The Griddy

This is my first column on the left	This is my middle column	This is the third column on the right
This is the second row, left	This is the second row, middle	This is the second row, right
